

LEVITATOR

PERFORMANCE AIRBOAT ENGINES

MS.45

The MS.45 is the proven GM 6.0L LS engine with over a decade of outstanding performance, reliability and durability. Redesigned from the ground up in 2020, the MS.45 is stronger than ever.

- Emission Certified
- Displacement: 6.0L
- Horsepower: 450 @ 5600 RPM
- Torque: 450 @ 4000 RPM
- Fuel System: Multi-Port EFI
- Weight: 565 lbs

MS.70

The MS.70 is 7.4 Liters of pure, naturally aspirated performance. Based on the LSX platform, it packs a big punch with 525 horsepower.

- Emission Certified
- Displacement: 7.4L
- Horsepower: 525 @ 5600 RPM
- Torque: 550 @ 4000 RPM
- Fuel System: Multi-Port EFI
- Weight: 565 lbs

MS.80

The MS.80 is built on the LT4 - the most powerful General Motors base engine ever offered for production. Levitator harnesses this raw power with all the features that Levitator has become famous for.

- Emission Certified
- Displacement: 6.2L
- Horsepower: 600 @ 5300 RPM
- Torque: 625 @ 3900 RPM
- Fuel System: Direct Injection
- Supercharged
- Weight: 465 lbs

Levitator Advantages:

- ✓ Superior Design
- ✓ Superior Validation
- ✓ Superior Fuel Delivery (Fuel Control Cell)
- ✓ 100% EPA Emission Certified
- ✓ 3 Year, 200 Hour Factory Warranty
- ✓ Engine Protection (5 stage paint process and cowling)

- ✓ GM Marine Engine Technology
- ✓ High Amperage Alternator
- ✓ Plug and Play Electronics
- ✓ Custom Airboat Calibration
- ✓ Active Response Throttle Control
- ✓ Remote Mount Oil Filter
- ✓ Advanced Engine Diagnostics

Levitator is a division of Pleasurecraft Engine Group. For over 45 years, the company has been true to its mission, which is to build the highest quality, longest-lasting, and top-performing marine engines available. Pleasurecraft's intense focus on excellence has led them to be recognized year after year as having the highest level of customer satisfaction in the industry. Levitator and the other Pleasurecraft brands have become synonymous with the highest quality marine engines available.
